

Registration is open for the 2022 AIPPI World Congress

By Joshua Goldberg, Chairperson of the Communications Committee

Dear All,

Lastly, and perhaps most importantly, Registration for the 2022 AIPPI World Congress, coming to you LIVE in San Francisco, from September 10 to 13, 2022, is now open!

Please join me in enjoying the first in-person Congress since 2019 to the fullest. Not only that, but we will also be celebrating the finale of the 125th Anniversary celebration of AIPPI at the same time.

We will be coming together in person to take part in the making of AIPPI's resolutions. Experts from different countries and regions will be sharing and exchanging insights on various areas of IP. Apart from the signature sessions such as the Pharma panels, IP Lunches, leadership meetings, amongst others, there will be new features at the San Francisco Congress.

In view of the recent developments regarding the Unified Patent Court system, there will be a dedicated UPC boot-camp to examine the latest updates and a separate mock trial to highlight the future framework and possible grey areas in this new judicial system.

In addition, considering the success of the roundtable discussions (AIPPI Cafés) in the last two years, the Standing Committees will, once again, identify those emerging topics to be discussed amongst members over a cup of coffee.

Many of us may have been to San Francisco before. However, the city never ceases to amaze its visitors. Being an international hub of arts and culture, San Francisco offers a wide range of exquisite venues for our social events such as Women in AIPPI, Young Members Forum and Cultural Evening.

And, if you register now, you will receive the best price possible! Here is the price-list, showing the clear advantage in registering before June 26 or getting the Limited Exclusive Package!

REGISTRATION FEES

AIPPI MEMBERS
